### MUST FEED EACH INDIVIDUAL

Idea That Every Hen and Cow Must  
Be Fed Exactly Same Ration  
Is Erroneous One.

Some folks get the idea that every  
hen and every cow must be fed ex-  
actly the same ration. That is all a  
mistake, for they have different ap-  
petites and different demands. It is  
allright to have an ideal average ra-  
tion to serve as a guide, but it must  
not be expected to work out individ-  
ually.

### WHY FOWLS EAT THEIR EGGS

Habit Usually Begins Through Some  
Accident and Spreads Rapidly  
Through Flock.

Egg eating usually begins through  
accident by eggs being broken or  
frozen and generally when it gets  
started in a flock egg eating becomes  
a serious vice, inasmuch as chickens  
are very fond of eggs when they have  
learned to eat them, and the habit  
quickly spreads from fowl to fowl.

### SELECTION OF RIGHT BREED

In Making Choice One Must Decide  
Whether Eggs or Meat or Both  
Combined Is Desired.

Your chicken breed must be select-  
ed with a purpose in view. Do you  
want eggs? Do you want meat? Or  
do you want eggs and meat combined?  
Each of these purposes have breed or  
breeds especially.

### Good Health

Within Easy Reach

Vigorous Health Only as Far Away  
As the Use of Pepto-Mangan

Creates Rich, Red Blood

Pepto-Mangan Obtainable in Liquid  
or Tablets—Insist on "Gude's,"  
the Genuine

There is really no reason why men  
or women with thin, watery blood and  
consequent poor health should re-  
main in that unfortunate condition.  
Thin, nervous, run-down, tired people  
never get much happiness out of life.

Men and women with the bloom of  
health in their cheeks, a cheerful,  
sunny disposition and an attractive  
personality are the folks who get most  
of life's enjoyment, pleasure and suc-  
cess.

Gude's Pepto-Mangan furnishes thin,  
watery blood with the necessary nour-  
ishment to enrich it, enabling it to  
supply energy, vitality and strength  
to every part of the body.

Physicians recommend Gude's Pep-  
to-Mangan to patients suffering from  
anemia because its beneficial and last-  
ing qualities are well known to the  
medical profession.

Gude's Pepto-Mangan is obtainable  
in either liquid or tablet form. Both  
forms contain exactly the same  
strength and medicinal properties.

When you buy Pepto-Mangan of  
your druggist, be sure the name  
"Gude's" is on the package. Without  
"Gude's" it is not Pepto-Mangan.

For results use the Dispatch clas-  
sified columns.

# Formal Opening

Of Our

## New Building

Will Occur On

Saturday, December 20th

10 A. M. to 9 P. M.

Every reader of this paper is cordially invited to attend.

West Federal Street, corner of Chestnut  
Youngstown, Ohio

### Rough Going

### COLLEGE HEAD IS INSTALLED

Wooster, O.—"The nation looks to  
the church college today to strike a  
balance between the extremists who  
have torn the world during the past  
year." President Charles Frederick  
Wishart of Wooster college said at the  
exercises in Memorial Chapel in  
which he was installed as fifth pres-  
ident of the college.

"The old conservative order which  
held inflexibly to things of the past  
has been at war with the more mod-  
ern tendency to seek changes in every-  
thing."

"The church college must seek the  
golden mean in which formalism is  
chastened by the emotional and spir-  
itual."

"In education I hope Wooster will  
always be a college in which the per-  
sonal contact of faculty and student is  
maintained. If we grow to 800 or 1,000  
we will have reached the limit in  
which this will be possible."

The long line of delegates wearing  
the academic robes and followed by  
the trustees, faculty, graduates and  
students of the college, formed in  
front of Kauke hall and marched to  
the chapel, headed by the college  
band.

As Dr. Wishart arrived the audi-  
ence, which filled the hall and crowd-  
ed the steps, rose to greet him.

### BUCKEYE GRANGERS ASSEMBLE

Columbus, O.—Defeat of classifica-  
tion was termed the best achievement  
of the year of the Ohio State Grange  
by L. J. Taber, master, in his annual  
address to 2,000 grangers and mem-  
bers of the Ohio general assembly,  
who occupied seats on the platform  
with the speaker at the opening of the  
annual meeting of the state grange  
here at Memorial hall.

"Faithful grange workers gave the  
backbone of a working, fighting or-  
ganization that defeated the amend-  
ment, such as the opponents could not  
possibly attain even with the unlim-  
ited funds at their command," Taber  
added.

Probably the only advantage the to-  
bacco chewer has over the gum chewer  
is that he doesn't have to work at it  
so hard to obtain results.

### BIG PAINTER AMAZES.

Dauber is a big, healthy, bearded  
man who looks as though he could lift  
half hundredweights in each hand as  
easily as he picks up his palette.

An elderly rustic, who had been  
standing watching him painting by the  
roadside, approached him.

"No offense, sir," he began, "but is  
anything the matter w' yer?"

"No," answered Dauber, "what  
makes you ask?"

"Yer hair's lame, are you?"

"Lame! Good gracious, no!"

"Yer hair's 'ad a misfortune in any  
way? The scialticar or lombager, that's  
kind o' laid yer by?"

"No! I'm as well as I have always  
been."

The rustic drew himself up and  
gazed scornfully at the artist.

"An' yer call yerself a man, an' can  
sit there a-doin' o' that," he said.

"Well, I'm blest!"

Was Well Qualified.

He was applying for a position as  
attendant in an insane asylum.

"Have you had any experience han-  
dling irrational persons?" he was  
asked.

"Some," was his response. "I was  
a motion picture director for several  
years."

And he was hired forthwith.—Bal-  
timore American Film Fun.

THE NATIONAL GAME.  
Griddle—Shall we sign him up for  
the team?  
Ladle—Sure thing, he'll make a  
dandy batter!

No Help.  
I do not care  
For Oswald Shoke;  
When I need coin  
He's always broke.

## These Tires Are a Revelation

The Brunswick is frankly a combination of the best in tire  
building.

There is one tread that's supreme beyond question. And  
that is now on Brunswicks.

There is one side-wall construction, which, by every test,  
holds the summit place for endurance. And that one was  
adopted for Brunswicks.

Fabrics differ — up to 30 per cent — in their strength tests.  
On Brunswicks the maximum long-fiber is the standard.

There are certain additions, each one expensive, which add  
vastly to tire mileage. The Brunswick embodies all these  
extras.

There are no patents, no secret formulas to prevent any  
maker from building the best. It is simply a question of  
knowledge and skill — cost plus care.

Brunswick standards are known the world over. The very  
name certifies an extraordinary tire. Yet Brunswicks cost  
no more than like-type tires.

Buy ONE Brunswick. It will prove that a better tire can-  
not be bought, regardless of price.
